EACH PIECE (SEEN BELOW) WEIGHED IN AT 84 TONNES WITH A HEIGHT OF 4.25 M AND EXCEEDED FRENCH LEGAL WEIGHTS FOR THE COUNTRY'S ROADS. AS A RESULT, SOME EQUIPMENT WAS REMOVED FROM EACH DRYER AND REMOUNTED AT THE QUAYSIDE IN ANTWERP JUST BEFORE LOADING ON TO THE NYK SHIP THAT WOULD TAKE THE CARGO TO JEDDAH.

TPL IS A MEMBER OF THE WORLD PROJECT GROUP (WPG), AS IS FRENCH WPG PARTNER CELTIC GLOBAL SERVICES WHICH ASSISTED ON THIS MOVE.
